

Egg Drop

Saturday, May 20 from 2-4 p.m. • Registration at 1 p.m. • Ozark community branch

Hatch a plan to build the best vessel.

Keep the egg off your face—and off the concrete—with a protective vessel of your own design able to withstand a 15-foot drop. Take chances, get creative, don't worry about breaking a few eggs along the way and keep in mind:

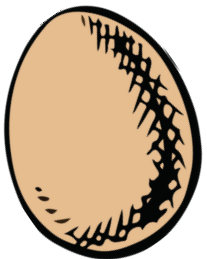

- Vessels will be weighed prior to drop. Keep it feather-light! In the event of a tie, the vessel that weighs the least is the tie-breaker.
- Leave room to easily add and remove the egg.
- Avoid motorized parts, bungees, tethers and parachutes.
- Build the vessel strong but make sure to avoid using hazardous materials (like glass).
- Secure your egg any way you like—but leave professional packing materials at home.
- Each vessel will need a well-anchored loop on the top so it can be suspended and dropped!

Surviving the fall is just the beginning.

The most egg-cellent entries from each category win a trophy and \$50 Amazon gift card.

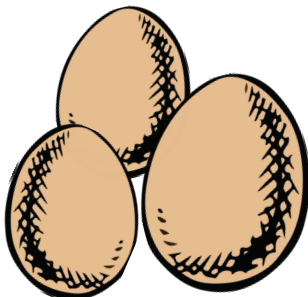

Individuals

Ages 8+

Team or Family

All ages

Most Innovative

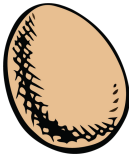

Unusual materials used in a unique way

Eggs-Pressive

Most whimsical and artistic egg contraption

Ready to get cracking?

Registration begins **Monday, May 2**

Select your category, add a team name and start building.
Completed forms can be returned to any community branch!

Category: ☐ Individual (ages 8+) ☐ Team or Family (all ages)

**Individual or
Team Name:** _____

Team Member Name(s):

(include first and last names)

_____	_____
_____	_____
