Please describe what content you find objectionable. Be specific, citing page numbers and text when possible.

on pages 2-3, there is a picture of two men in bed together, while children enter the room. One of the men who is shown yawning is depicted with breasts. This is confusing and inappropriate for the intended young audience.

Yes

No

If not, which parts have you read?

I have read nearly the entire book, but cannot verify which pages I couldn't view online.

Can you suggest other material to take its place?

Because You're My Family by Missy Robertson
or God Gave us Family by Lisa Tawn Bergren

What other comments would you like to make?

I am requesting this book to be moved to a section away from children who might unknowingly pick this up.
