

## June and July 2014 Classes, Events, and News

### Take Our Community Survey and Help Make Your Library Better

The Christian County Library community survey is now available. The survey can be accessed online at <http://christiancountylibrary.org> or in paper form at the library in Ozark and the Clever Public Library. The library wants to hear from library users and non-users alike. The survey takes only a few minutes to complete, and the information gathered will help to determine how the tax dollars you pay to the public library can be better used to meet the needs of our community.

Library director Geri Olmstead, new to the library in 2013, plans to use the survey to learn more about who lives in Christian County and what services and materials people want their library to provide.
